Welcome home, cousin

Welcome to The Tan Family Chest.

Today, you have inherited a **Baju Kebaya**.

In many Peranakan families, the Kebaya represented identity, tradition, and the women who quietly carried the spirit of the household through generations.

Your task now is simple — find the other guests carrying:

Kerongsang 🍷 · Tingkat 🇲🇾 · Jam Saku 🕒 · Cerki 📖

Together, the five of you will form **one family group**.

Speak to the other guests. Observe carefully. Some inheritance was never spoken aloud.

Once your group is complete, *please proceed to your assigned table.*
